Obai Yousef, MD

Tartous City, Syria

Phone: +963985014688 | Email: obai.mahmoud.yousef@gmail.com

ORCID: 0009-0001-5832-3780 | LinkedIn: https://www.linkedin.com/in/obai-yousef-a47726262

EDUCATION

University of Tartous, Tartous, Syria. Sep 2018 - Oct 2024

Doctor of Medicine, (MD)

- Grade: Very Good (82%).
- One of the top 2 % of students in my cohort engaged in scientific research and publications.
- Published peer-reviewed research papers, including in high-impact (Q1 and Q2) journals.

Work Experience

Department of Neurosurgery, Latakia University Hospital, Latakia, Syria June 2025 - Present

Gained hands-on experience in the assessment and management of patients with neurosurgical emergencies and neurological disorders.

RESEARCH EXPERIENCE

Negida Academy for Medical Research. 2022 - Present

- Conducted clinical neuroscience research focusing on Parkinson's disease**.**
- Participated in research design, literature review, writing manuscripts, data synthesis, and project coordination.

PRESENTATIONS

Oral Presentation July 2025

SAMS 1st Neuroscience Week, Damascus, Syria

"The Effectiveness of Melatonin for Sleep Disturbances in Parkinson's Disease: A Systematic Review and Meta-Analysis"

Poster Presentation July 2025

SAMS Conference, Damascus, Free Syria

"The Efficacy of Transcranial Alternating Current Stimulation in Treating Chronic Insomnia: Systematic Review and Meta-Analysis

COURSES & PROFESSIONAL DEVELOPMENT

Neuroscience and Neuroimaging (48 hours)
Des 2023 – June 2024

University of Johns Hopkins, Coursera

Covered: Principles of neuroimaging techniques such as MRI, fMRI, DTI; data acquisition, analysis, and interpretation relevant to brain structure and function.

Negida Clinical Research Training (10-week program, 60 hours) July – Sep 2022

Negida Academy LLC

Covered: Clinical research methodology; Basics of biostatistics on Jamovi; sample-size calculation; scientific writing & publishing; systematic review & meta-analysis

TEACHING & MENTORING EXPERIENCE

Research Mentor Sep 2024 – Jan 2025

- Melatonin and Sleep in Parkinson's Disease Project
- Mentored 3 doctors in conducting a systematic review and meta-analysis
- Explained each step including screening, data extraction, analysis, writing, and submission

Community Educator (Voluntary) June 2019 – Dec 2021

- Neighborhood Teaching Initiative
- Taught high school students neuroscience topics from the national science curriculum

SKILLS

- Research Methods: Systematic reviews, meta-analysis, network meta-analysis, observational studies (retrospective cohort and cross-sectional), case reports, and basic biostatistics.
- Neuroscience: neurological examination, Neuroanatomy, and basic CT/MRI/EEG/fMRI concepts
- Data Analysis: R, python programming, Jamovi, and data visualization.

PROFESSIONAL MEMBERSHIPS

- Research team member (2022-present), (MRGE) Medical Research Group of Egypt, Negida Academy, Arlington, MA.
